## About Thomas Scientific Furniture . . .

We offer a wide range of laboratory furniture, including, carts, countertops, enclosures and hoods, fixtures, safety cabinets, seating, tables and much more.

In addition, we offer custom laboratory design and installation\*.

Whether you are modernizing your current laboratory or designing/expanding a new one, we are available to assist you from concept, through design and installation\*.

### We bring you the best brands in the industry:

**Thomas Scientific Furniture is a commitment to Customer Satisfaction. From Start to Finish, we offer complete Customer Support.**

#### Cabinets and Countertops

Casework available in 10 standard colors or custom colors upon request. Cabinets have optional hinged or sliding doors that are available in solid or glass. Countertops available in epoxy resin, phenolic core, stainless steel and plastic laminate.

#### Benches

Modular bench systems that use static or suspended casework. Designed around the customers specific needs.

#### Safety Storage Cabinets

Flammable, acid-corrosive and drum storage cabinets are available in a variety of sizes and colors.

#### Fume Hoods, Enclosures and Biosafety Cabinets

We offer a wide range of chemical fume hoods and enclosures for your laboratory. Whether you need a light duty hood system for toxic fumes, or specialized ventilation equipment for unique applications, we offer a solution. As well as Biological Safety Cabinets that provide personnel, product and environmental protection from hazardous particulates such as agents that require Biosafety Level 1, 2 or 3 containment.

#### Glassware Washers and Fixtures

Glassware washers are available in a variety of models, as well as service fixtures, sinks and faucets.

#### Carts and Shelving

Shelving available in a variety of sizes to provide extra storage. Carts available in a variety of materials and sizes.

#### Tables

Mobile and stationary balance tables are available.

#### Laboratory Seating

We have a wide selection of ergonomic chairs and stools in a variety of colors.

## Custom Laboratory Projects

### Consultation. Selection. *Design.*

We are here to listen. Call us today to discuss your project. We offer product consultation, CAD drawings and pricing proposals.

**Consultation:** Let's discuss your needs, time frame and budget . From there, we will recommend quality product to suit your needs.

**Design:** We will analyze the layout and provide a CAD drawing along with a customized pricing proposal based on the design .

### Delivery. Installation.

*Need it fast? Many of our Quick Ship program items can be delivered within 10 days or less!* Our quick ship selection can be found at [www.thomassci.com/furniture](http://www.thomassci.com/furniture).

**Delivery:** For custom orders, your project will be blanket wrapped and shipped directly to your laboratory.

**Installation:** We offer installation of your new furniture. Please contact your Thomas Representative for more information.
