Thomas Scientific is Migrating EZ Rack® Reload Tips to **NEW SharpElite™**

EZ Rack®

SHARPTM Elite

Next-Generation Precision

Thomas Scientific is proud to launch an expansion of products offered through our own "labForce" brand. As always, you can trust that we took great care in creating the best products to support our customers in their research, while also maintaining the best possible pricing. Thomas Scientific stands behind our new Sharp Elite™ products and ensure they will not only meet your research requirements but exceed your expectations.

Sharp Elite™ tips are *equivalent* in fit and function to the original EZ Rack® tips while also providing these *additional superior* benefits:

IMPROVED Latch Design

- Enables easy, one-handed operation
- Allows for a secure close when not in use

NEW Rack Shape

- Smaller footprint
- Easily stackable
- Molded top label does not interfere with autoclaving

*Contact your Thomas Scientific representative for FREE empty racks during this transition.

IMPROVED Label Design

- Easy identification of volume and lot information
- Fully autoclavable and recyclable

INCREASED Sustainability

- 100% recyclable
- 70% reduction in lab waste
- Crafted using significantly less plastic

IMPORTANT: EZ Rack® and Sharp Elite™ racks are not compatible. Contact your Thomas Scientific representative for FREE empty racks during this transition.

Customer Change Notification

Thomas Scientific is Migrating EZ Rack® Reload Tips to NEW SharpElite™

EZ Rack®

SHARPTM Elite

Next-Generation Precision

What you can expect during the transition from EZ Rack® to Sharp Elite™:

- This transition will occur over the next several months. Each part number will transition at a different time – depending on stock.
- Below you will see the old EZ Rack® parts and the new Thomas Scientific part number for the equivalent Sharp Elite™ product will receive in the future.
- The switch will occur automatically when our stock of any part number is depleted. You will be notified of required changes to your purchase order.
